UPDATE SUBSCRIPTIONS

All chart data is sold up to date at time of sale. Thereafter customers will be able to update their charts using either the quarterly or annual updating service. Under the quarterly updating service, and for a one off annual fee customers will be provided with new chart access permits in the months of March, June, September and December.

The annual update will take place in March of each year allowing all charts to be updated for all outstanding information. All updates will include provision of new charts and new editions where they replace existing chart coverage.

Quarterly update subscription	140.00
