United Kingdom Distance Selling Regulations

The United Kingdom's Distance Selling Regulations 2000 introduced a "cooling off period" for buyers of goods by distance selling.

If you are a resident of the EC (European Community), then under the United Kingdom's Distance Selling Regulations 2000, you have the right to cancel the contract for the purchase of any of our standard products within 7 days of delivery. This period applies to all of our standard products purchased by distance selling (distance selling is where no face to face contact takes place between buyer and seller). This period does not apply to customised products.

However, we regret that we cannot accept cancellations of contracts for the purchase of software products, tapes, video, DVD, audio and video game products where the item has been unsealed.

To cancel the contract for purchase you must inform us in writing, by either e-mail, fax or letter, giving the reason for the return as "Contract cancellation".

You must take reasonable care of any goods that you wish to return, so that they may be sold again as new.

Please package the relevant item securely and send it to us with the delivery documents so that we receive it within 7 working days of the date that the item was delivered to you. The return address is:

Dolphin Maritime Software Ltd
626 Alston House
White Cross
LANCASTER LA1 4XF
UK

For your protection, we recommend that you use a recorded-delivery service. Please note that you will be responsible for the costs of returning the goods to us unless we delivered the item to you in error or the item is faulty. If we do not receive the item back from you with the delivery documents, we may arrange for collection of the item from your residence at your cost. You should be aware that, once we begin the delivery process, you will not be able to cancel any contract you have with us for services carried out by us (for example, postage and packing, and gift wrapping).

As soon as we receive notice of your cancellation of a contract for purchase, together with the returned goods, then we will refund the relevant part of the purchase price for that item within 30 days of receiving your notice.
